

# RAJEEV GANDHI MEMORIAL COLLEGE OF ENGG. & TECH. (Autonomous)

Nandyal, Nandyal, A.P.

## END EXAMINATION SCHEDULE

### III B.Tech I Semester (R20) Regular End Examinations (Autonomous) - October - 2024

Timings: 10:00 AM To 1:00 PM

| Date / Branch                   | Civil Engineering                                                 | Electrical & Electronics Engineering                                                | Mechanical Engineering                                     | Electronics & Communication Engineering                                                               | Computer Science & Engineering                                                   | Computer Science & Engineering (Data Science)                                             | Computer Science & Business Systems                                              | CSE (Artificial Intelligence & Machine Learning)                   | CSE (Cyber Security)                                                 |
|---------------------------------|-------------------------------------------------------------------|-------------------------------------------------------------------------------------|------------------------------------------------------------|-------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------|--------------------------------------------------------------------|----------------------------------------------------------------------|
| <b>05-11-2024<br/>Tuesday</b>   | Design of Reinforced Concrete Structural Elements (A0109205)      | Control Systems (A0211205)<br>Electrical measurements & Instrumentation (A02029204) | Heat Transfer (A0311205)                                   | Linear and Digital IC Applications (A0412205)                                                         | Computer Networks (A0516205)                                                     | Computer Organization & Operating Systems (A3204205)<br>Common to CSE DS & BS             |                                                                                  | Formal Languages & Automata Theory (A0508203)                      | Network Security & Cryptography (A0443207)                           |
| <b>07-11-2024<br/>Thursday</b>  | Hydrology & Water Resources Engineering (A0110205)                | Electrical Machines-III (A0212205)                                                  | Metal Cutting & Machine Tools (A0312205)                   | Analog Communication (A0413205)<br>ARM Microcontroller & Its Interfacing (A0408204) (RA)              | Compiler Design (A0522205)                                                       | Concepts of Machine Learning (A3205205)<br>Common to CSE(DS) & CSE(CS)                    | Data Visualization For Business Analysis (A3402205)                              | Applied Machine Learning (A3447205)                                | Concepts of Machine Learning (A3205205)<br>Common to CSEDS & CSE CS) |
| <b>11-11-2024<br/>Monday</b>    | Geotechnical Engineering (A0111205)                               | Power Electronics (A0213205)                                                        | Design of Machine Elements (A0313205)                      | Antennas and Wave Propagation (A0414205)                                                              | Software Engineering (A0518205)<br>Common to CSE & CSE CS)                       | Data Wrangling (A3206205)                                                                 | Engineering Economics and Accountancy for Business systems (A0025205)            | Embedded system Design with Arduino (A3448205)                     | Software Engineering (A0518205)<br>Common to CSE & CSE CS)           |
| <b>13-11-2024<br/>Wednesday</b> | Geoinformatics (A0112205)                                         | Transmission of Electric Power (A0214205)                                           | Engineering Metrology & Mechanical Measurements (A0315205) | Control Systems Engineering (A0218205)<br>Managerial Economics and Financial Analysis (A0024197) (RA) | Full Stack Application Development (A0519205)<br>(Common to CSE&CSEBS& CSE AIML) | R Programming (A0520205)                                                                  | Full Stack Application Development (A0519205)<br>(Common to CSE&CSEBS & CSEAIML) |                                                                    | Security Information & Event Management (A3451205)                   |
| <b>15-11-2024<br/>Friday</b>    | Advanced Structural Analysis (A0116205)                           | Core Java Programming (A0512205)                                                    | Electrical Vehicle Technology (A0318205)                   | VLSI Design (A0421206)<br>Virtual Instrumentation (A0418205)                                          | Operating Systems (A0517205)<br>Common to CSE, CSE(AIML) & CSECS                 | Modern Software Engineering (A3207205)                                                    | Introduction To Innovation, IP Management and Entrepreneurship (A3404205)        | Operating Systems (A0517205)<br>(Common to CSE& CSE AIML & CSE CS) |                                                                      |
| <b>18-11-2024<br/>Monday</b>    | *Construction Technology and Planning Management (SDC) (A0120205) | *Sensors & Actuators (SDC) (A0217205)                                               | *Computer Aided Machine Drawing (SDC) (A0319205)           | *Arduino & MSP 430 Programming (SDC) (A0419205)                                                       | *Cloud Foundations (SDC) (A0524205)                                              | *Working with Cloud Services (SDC) (A3209205)<br>Common to CSE (DS), CSE&BS and CSE(AIML) |                                                                                  |                                                                    | *Web Development Programming (SDC) (A3709205)                        |

**NOTE:** 1. Any omissions or clashes in this time table may please be informed to the undersigned immediately.  
2. Even if Government declares holiday on any of the above dates, the examinations will be conducted as usual.
